

BYOx Link – Apple MacBook Enrolment Instructions

Intune is a secure mobile management system that allows you to access the school's network.

This KBA will show you how to enrol a BYO Mac device into Intune and install an application. This process may take up to 15 minutes to complete.

Before you start, please have ready the email address and password that has been supplied to you by the school. If you do not have this information, you will not be able to successfully complete the installation. Please see your school contact to obtain these details.

These instructions are for Ventura or later versions of macOS. You may find some of the screens look different to the ones provided here if you have an older version of macOS or there are changes made to Intune.

If the installation fails at any time, please re-open the Intune app and try again.

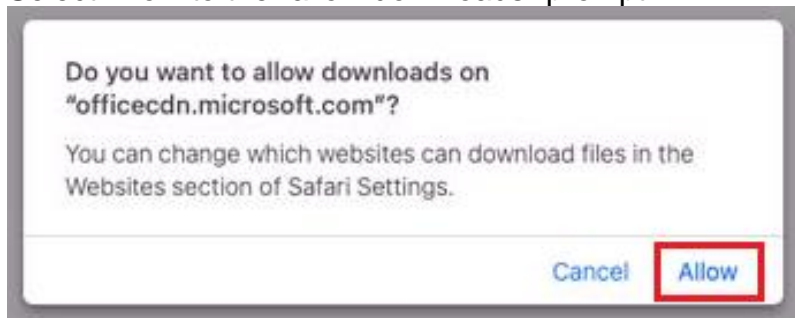

Please note: If you have any problems with installing Intune or using it afterwards, please see your school contact for assistance.

Step 1. Install Intune

To start, connect to the internet, then open Safari and go to: <https://aka.ms/enrollmyMac>

Select Allow to the "allow downloads" prompt

It may take a few seconds to complete.

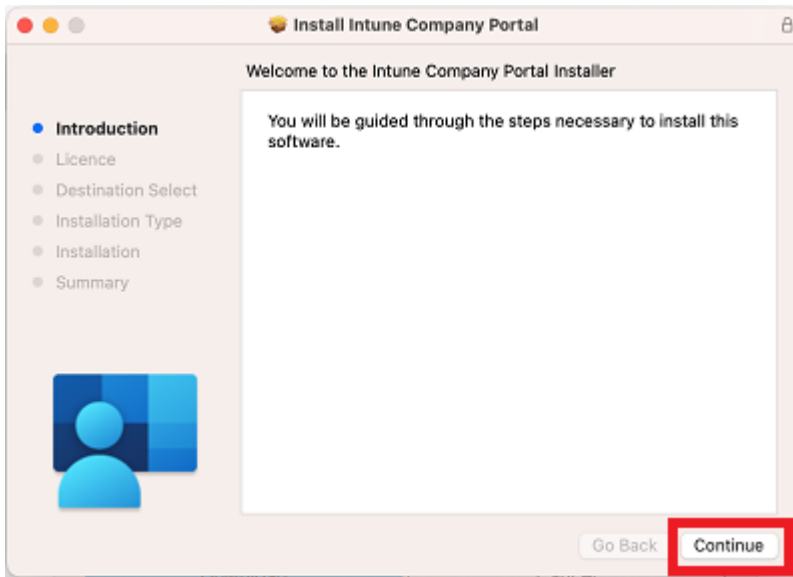

Select the Folder icon at the bottom of your screen.

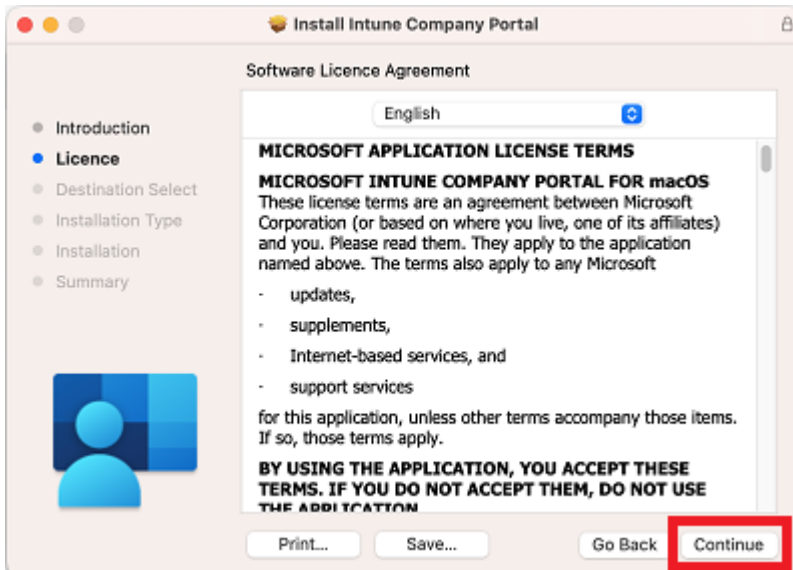

Then select the Open box icon next to the Company Portal Installer file.

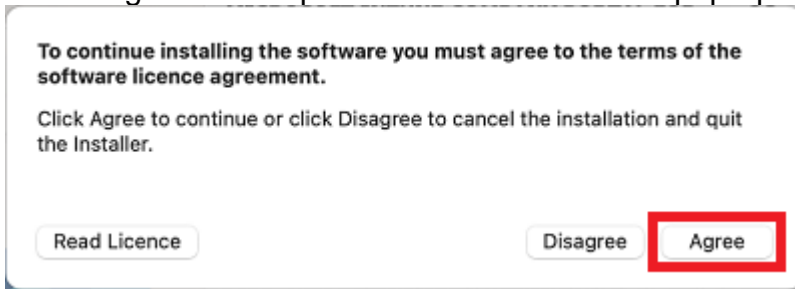

Please select Continue.

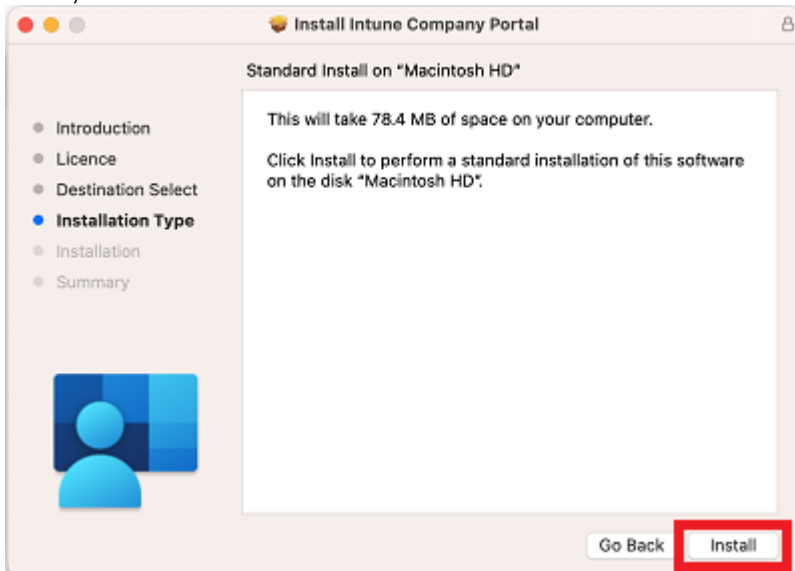

Please read the license terms and then select Continue.

Select Agree to accept the license terms in the pop-up window.

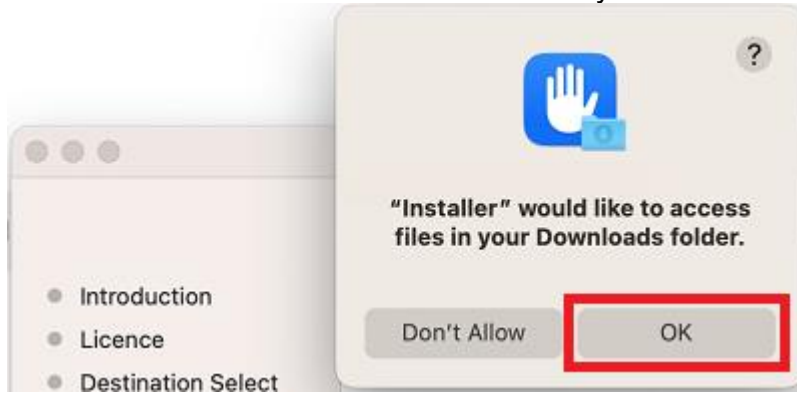

Next, select Install.

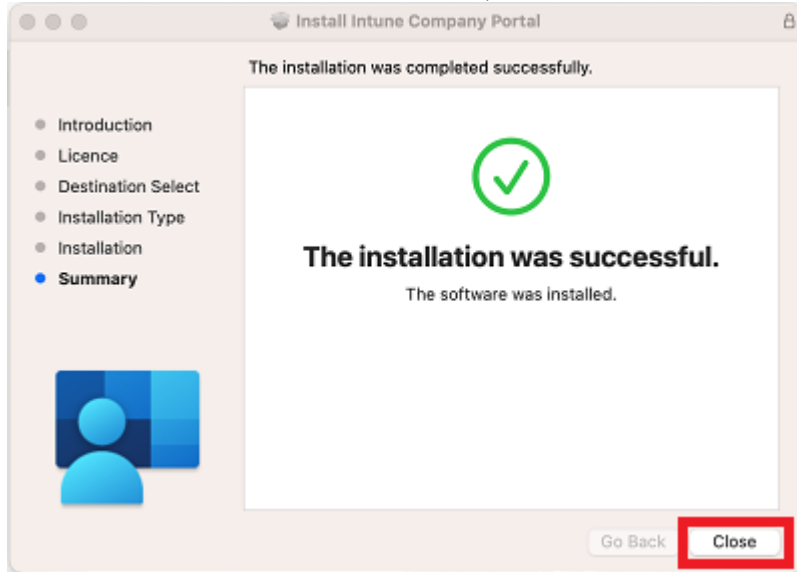

Please enter your username, password of your device and select Install Software.

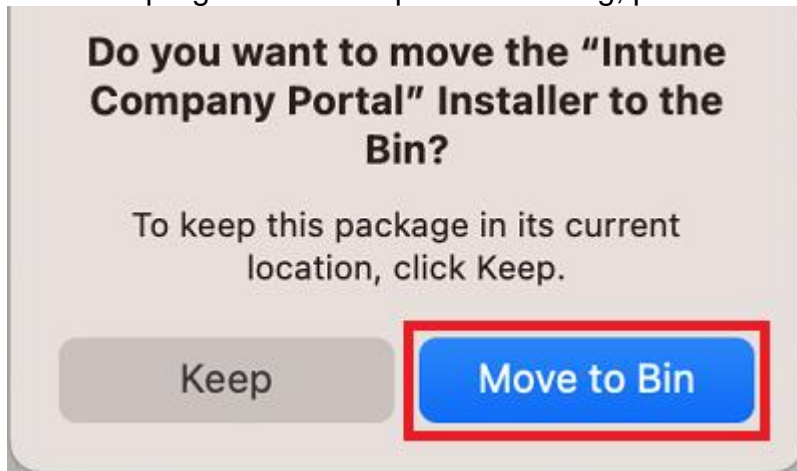

Select OK to allow the Installer access to your Downloads folder

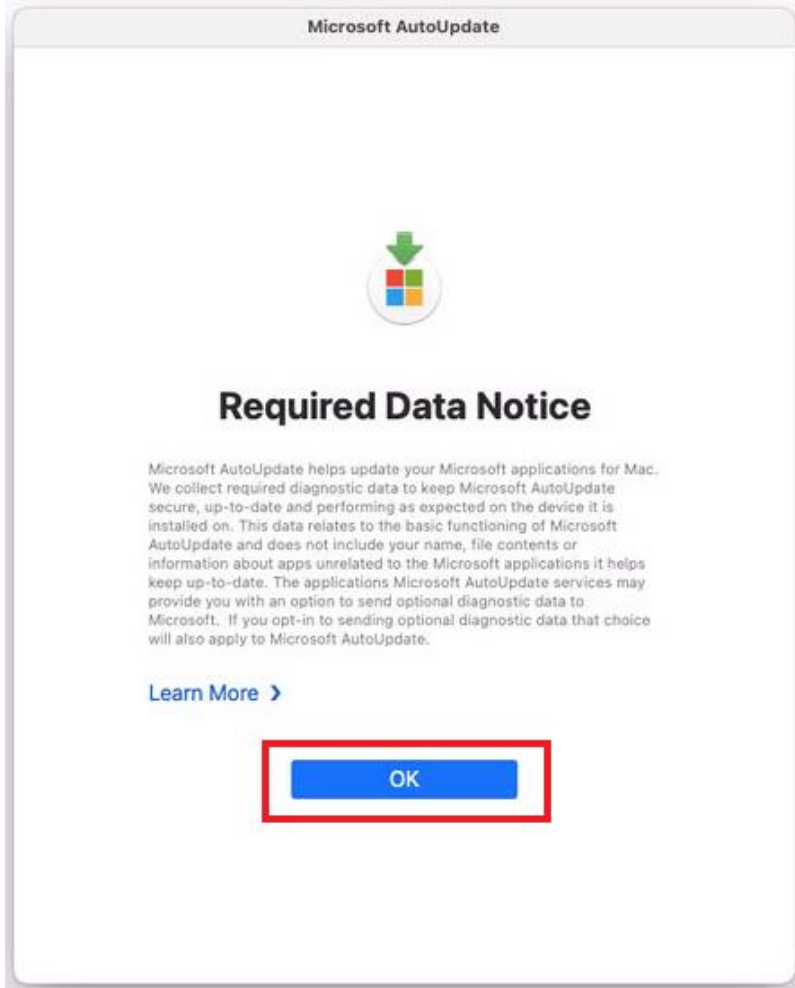

When the installation has finished, select Close.

Once the program has completed installing, please select Move to Bin.

Microsoft AutoUpdate will appear. Select OK and then

Update if there are updates waiting. You may need to repeat this step a few times. Once there are no more updates, you can close the Microsoft AutoUpdate program.

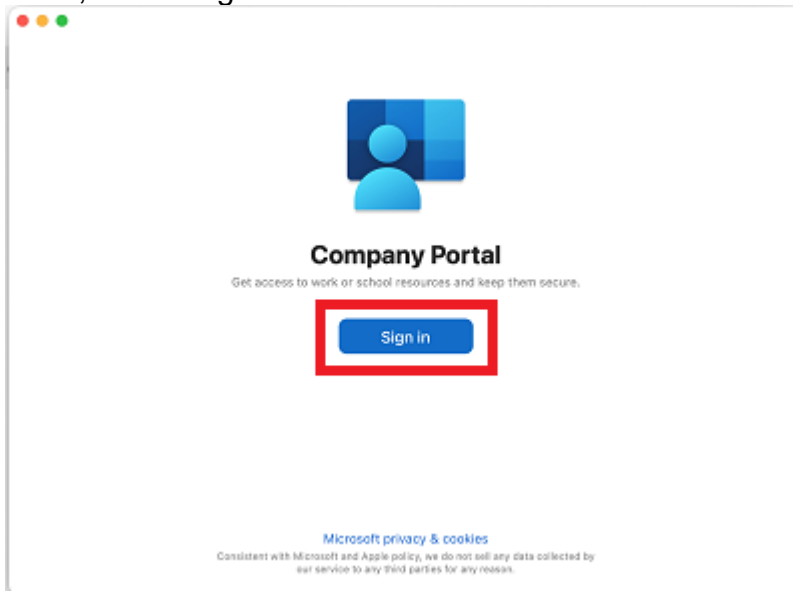

Step 2. Enrol your device into Intune

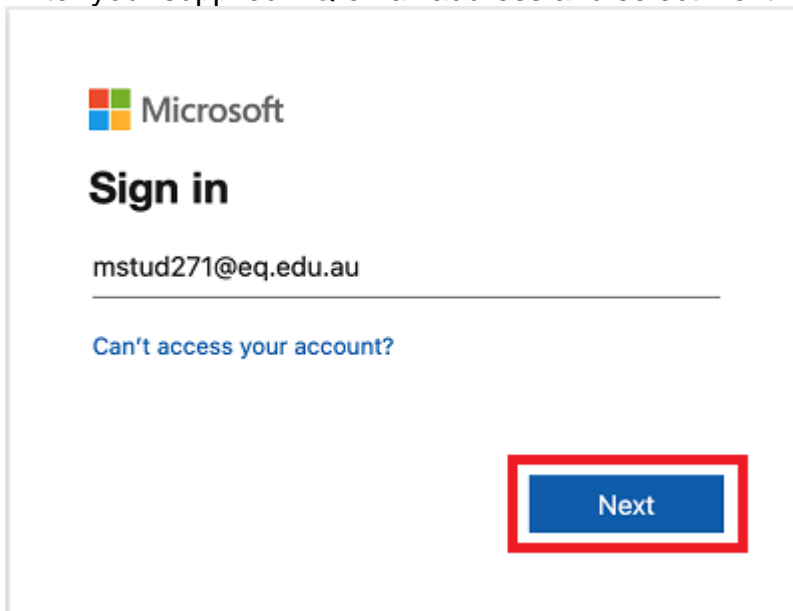

Select Launchpad and then select the Company Portal app.

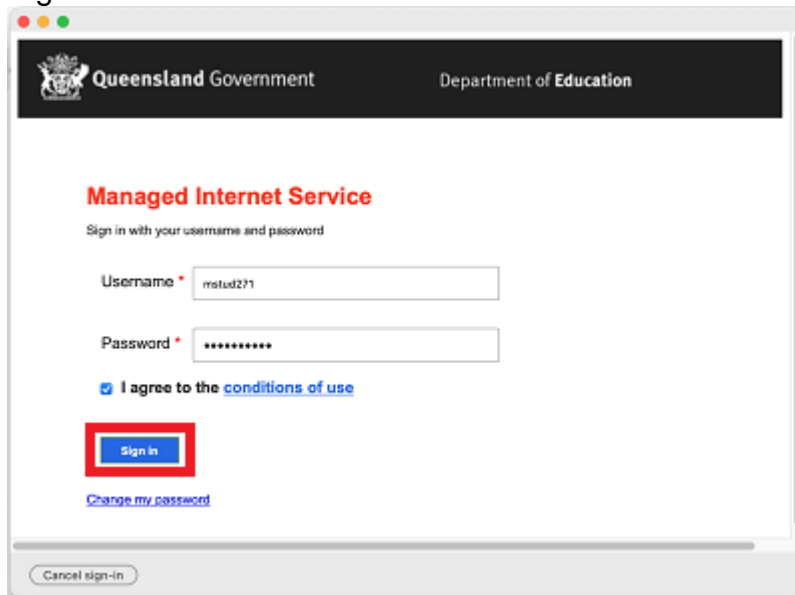

Then, select Sign in.

Enter your supplied EQ email address and select Next.

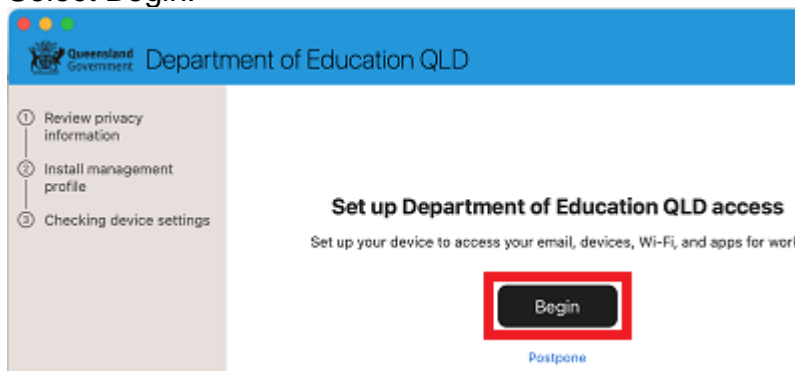

Enter the username, password and accept the terms and conditions. Then select Sign in.

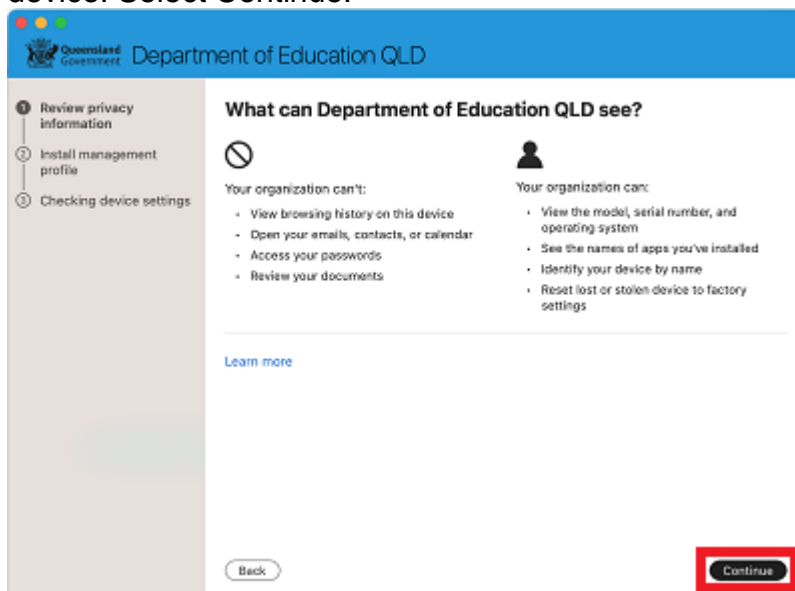

The screenshot shows the 'Managed Internet Service' sign-in page. At the top, it says 'Queensland Government' and 'Department of Education'. The main heading is 'Managed Internet Service' in red. Below it, it says 'Sign in with your username and password'. There are two input fields: 'Username' with the value 'mstud271' and 'Password' with masked characters. A checkbox is checked with the text 'I agree to the conditions of use'. A blue 'Sign in' button is highlighted with a red box. Below the button is a link 'Change my password'. At the bottom left, there is a 'Cancel sign-in' button.

Select Begin.

The screenshot shows the 'Set up Department of Education QLD access' page. The header is 'Department of Education QLD'. On the left, there is a progress indicator with three steps: '1 Review privacy information', '2 Install management profile', and '3 Checking device settings'. The main heading is 'Set up Department of Education QLD access'. Below it, it says 'Set up your device to access your email, devices, Wi-Fi, and apps for work.' A dark grey 'Begin' button is highlighted with a red box. Below the button is a 'Postpone' link.

This explains what your school IT administrator can and cannot see on your Mac device. Select Continue.

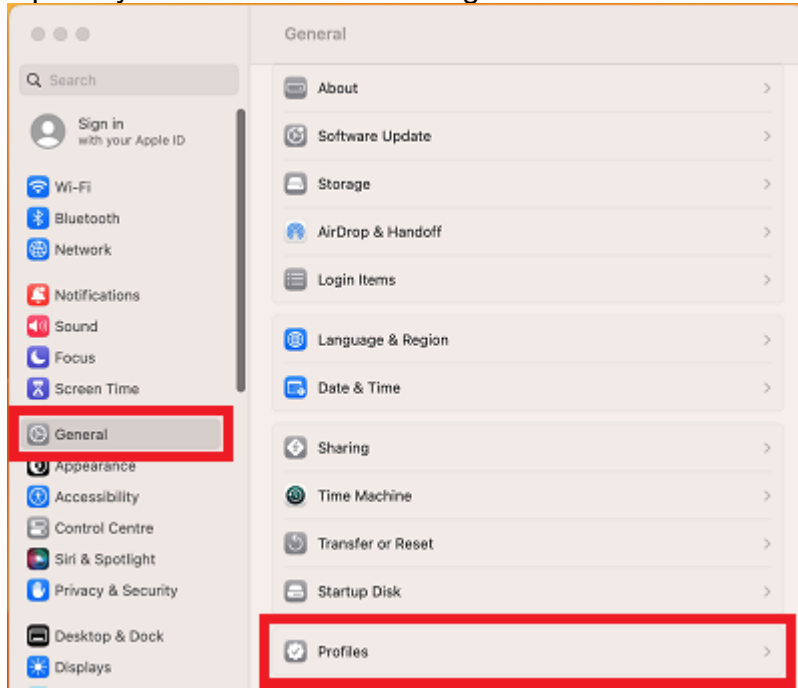

The screenshot shows the 'What can Department of Education QLD see?' page. The header is 'Department of Education QLD'. On the left, there is a progress indicator with three steps: '1 Review privacy information', '2 Install management profile', and '3 Checking device settings'. The main heading is 'What can Department of Education QLD see?'. There are two columns: 'Your organization can't:' and 'Your organization can:'. The 'can't' column lists: 'View browsing history on this device', 'Open your emails, contacts, or calendar', 'Access your passwords', and 'Review your documents'. The 'can' column lists: 'View the model, serial number, and operating system', 'See the names of apps you've installed', 'Identify your device by name', and 'Reset lost or stolen device to factory settings'. A 'Learn more' link is below the lists. At the bottom, there are 'Back' and 'Continue' buttons, with the 'Continue' button highlighted by a red box.

Select Download profile.

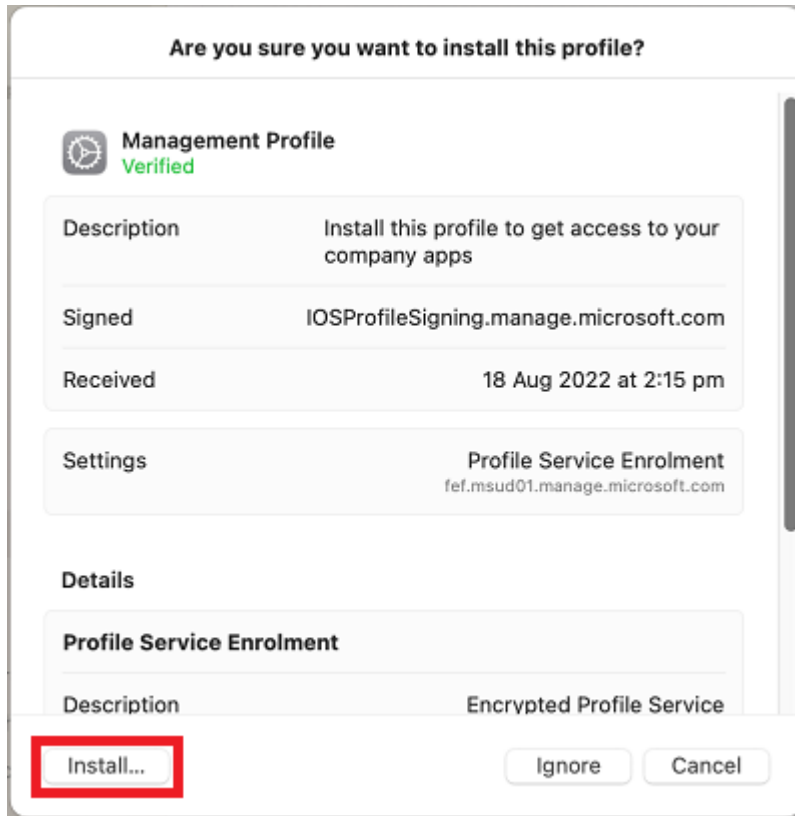

Open System Preferences then go to General and then Profiles

Double click the Management Profile

Select Install...

Enter the username and password for your device and select Enrol. It may take a few minutes for the management profiles to be installed.

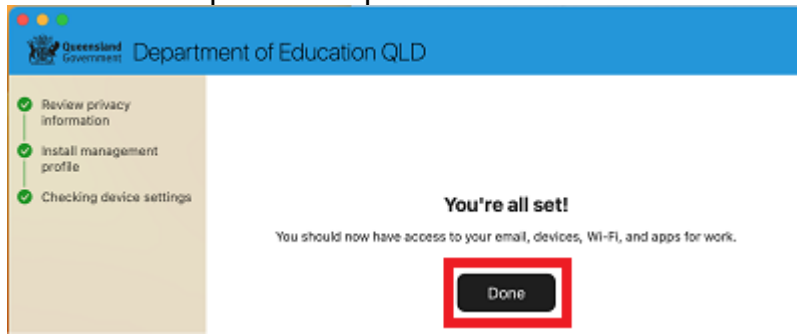

When complete, it will show that it is now supervised and managed by the department.

Go back to Company Portal and wait as it updates the device settings, then select Done. It may take up to 15 minutes to finish installing. You can use the device in the

meantime but please keep it connected to the internet.

Close the Company Portal.
You have now finished installing Intune.
