

YEPPOON STATE HIGH SCHOOL

Device selection and minimum specifications

Before acquiring a device to use at school, the parent/carer and student should be aware of the school's specifications for appropriate device type, operating system requirements and software. These specifications relate to enabling diverse class activities, meeting student needs and safe and secure access to the network. Please Note: If your student is likely to study a science subject in Year 11 (Biology, Chemistry, Physics or Marine Studies) or a VET course, then the recommended device is a laptop.

Device	Minimum	Recommended
Chrome Book	<u>Incompatible with EQ network. Do not buy. It will not work at YSHS.</u>	
Android Tablets	<u>Incompatible with EQ network. Do not buy. It will not work at YSHS.</u>
