Ingeborg Elfriede Leibnitz Scholarship

Application Form

The Ingeborg Elfriede Leibnitz Scholarship is the legacy of Mr Graham Page who worked tirelessly across the school for many years supporting fundraising and student tutoring. Mr Page left his estate to his wife, Inge, who in turn left her entire estate to the school. Inge worked at CQU and was studying a degree when she passed away.

To honour Mr Page, Yeppoon State High school students on the 15th August 2008, delved into the astronomy charts and registered a star in the universe that was not named, to show the school's appreciation of the tireless work of Mr Page.

Today, their legacy continues through the scholarship, which provides eligible Yeppoon State High School Year 12 graduates with up to $5,000 per year, paid in two instalments annually for up to four years, to support their tertiary education and help them achieve their future goals. For 2026 graduates there will be two scholarships awarded.
