Our school strategies are showing substantial progress toward our targets

After reviewing our Great Results Guarantee agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our strategies as needed to ensure every student succeeds.

Strategies implemented include:
- Use data to scaffold a continuous process in focus areas reading, writing and numeracy to assess students' performance, teach to the needs of students; and re-assess students to monitor improvement. This process includes students on Individual Learning Guarantees (ILG’s).
- Monitor year 9 literacy and numeracy extension classes to extend whole group, small group and individual learning growth through explicit instruction and specific learning goals. Previous and practice NAPLAN data used to constantly track students' performance and adjust teaching practices.
- Year 8 previous and practice NAPLAN data used to guarantee improvement for students at risk of not reaching the National Minimum Standards in writing, grammar and punctuation and numeracy in 2014. High achieving students, in the Upper Two Bands have been targeted for improvement.
- Teacher capacity has been developed in relation to interpreting and analyzing NAPLAN data focusing on specific learning needs of students.

Achievements:
- All year 9 students achieved National Minimum Standards in Numeracy.
- All students who are not on an Individual Learning Guarantee have achieved National Minimum Standard in Reading, Writing, Grammar and Punctuation and Numeracy. (Literacy and Numeracy strands of NAPLAN)
