

# YEPPOON STATE HIGH SCHOOL

## Principal Update – May 2024

Dear Parents/Caregivers

### Term One Reporting

As a school, we can be incredibly proud of our term one reporting. In term one 2023, our students achieved YSHS best ever results but we have smashed those results in term one 2024. The work of our staff in supporting students to excel is incredibly impressive.

	2019	2021	2022	2023	2024
A&B	37.6	38.1	42.1	44.2	49.6
A-C	73.9	74.4	76.3	77.8	83.7

Nb. 2020 was not reported on due to COVID

We have also seen improvement in our behaviour and effort reporting data reflecting the work we are doing on Positive Behaviour for Learning (PBL) across the school.

	Behaviour		Effort	
	A&B	A-C	A&B	A-C
2023	68	90.2	57.7	81.9
2024	71.8	92	61.6	85.3

### Creating Futures

One of our major focuses is assisting students with their future pathways. Last week we had 40 high performing science students working with researchers from the QIMR Berghofer Medical Research Institute. The scientists outlined their personal career paths and what they are currently focusing on within the Institute. This was a fantastic session for our students as we increasingly become Central Queensland's science super school.

We also had a dozen students work with representatives of Timber Queensland to look at careers with wood. This week we have students attending Beef Week to look at careers in the farming industry.

Regardless of interest and area of ability, our senior schooling team works with all students to assist them with their post-school career ambitions.

### **ANZAC Day, Fanfare and The Marching Koalas**

It was fantastic to have our talented music students front and centre at the Yeppoon ANZAC Day services. Our marching band recently performed alongside The Marching Koalas Youth Marching Band at the Yeppoon Amphitheatre to a very large crowd. Over the coming weeks, our students will be participating in Fanfare heats in Rockhampton and the Rockhampton Eisteddfod.
