Principal's foreword

Introduction

Yeppoon State High School strives to be a centre of educational excellence and central to this belief is the challenge we set ourselves to provide an innovative and inspiring curriculum. Teaching and learning is at the core of all we do and high quality learning experiences are purposefully designed to develop the attributes of life-long learners. Whilst emphasis is placed on academic outcomes, we believe that the development of a holistic education through the teaching of values and ethics instills in our graduates a sense of decency and respect for others. We are a school, proud of present and past students. We will continue the tradition of publicly recognising the many sporting, cultural, community and academic achievements of our stduents and staff. This report details a sample of the achievements and results of our staff and students during 2014 and recognises our continued commitment to a culture of high performance in our school.

This report provides a summary of key information in relation to:

- Enrolments and school profiles
- Curriculum and extra-curricular offerings
- Social climate
- Parent involvement
- Staffing

How Information and Communication Technologies are used to assist learning

10 Laptop trolleys supplement the One2One eLearning agenda across in the school for our junior secondary students.

Curriculum Faculties have led the creation of Virtual Classrooms and ed Studios to support the One2One learning environment. There has been a strong focus on collaborative Digi-ped learning to support building staff capacity.

Students in Years 10-12 are able to regularly update their SET plans through OneSchool.

Our SMS messaging, website, Facebook and Twitter presence assists families to access key calendar dates and relevant information including year level semester assessment calendars and exam schedules. This measure also assists students with their organisational skills.

IWBs have been installed in all classrooms and are heavily used.

Social Climate

The school implements a variety of multi-tiered strategies and programs to address any bullying concerns. At a strategic level, the school utilises a wide range of data sets to inform decision making regarding proactive interventions and school policies.

At an operational level, the Pastoral Care Program: Learning 4 Life provides education on a range of topics such as: cyber safety, bullying, drug education. The Pastoral Care Program is delivered across the whole school utilising evidence based programs and has been designed for students to develop and build skills in relation to resilience and emotional / social wellbeing over a period of time and in line with their maturity in a positive and structured learning environment.

Year Level Co-ordinators, Chaplaincy, School Nurse and the Guidance Officer co-ordinated by the Deputy Principals monitor any cases of bullying for intervention, mediation and support.

Students and parents have the opportunity to report any form of bullying by completing a Report of Bullying form or by speaking with the YLC or relevant Deputy Principal. Anti-bullying strategies further utilised within the school community are the use of parades (whole school/cohort specific) to embed the schools "No Way to Bullying" Initiative. The Bullying Policy is available either in print or electronic format, which is also included in the Student Diary.

Involving parents in their child's education

Parents are welcomed at Yeppoon High and close communication is encouraged between teachers and parents. The following avenues exist to assist parental involvement:

- Monthly P&C meetings
- Fortnightly newsletter emailed to families
- Twice yearly parent/teacher interviews using Parent/Teacher on-line as a booking tool
- Twice yearly formal reporting and interim reports to students during the year
- Parent information evenings
- School website
- Tutor program and volunteer canteen personnel
- Parental involvement in school determined task groups when required eg the Flying Start year 7 transitions to high school.

^{# &#}x27;Agree represents the percentage of respondents who Somewhat Agree, Agree or Strongly Agree with the statement. Due to a major redevelopment of the surveys (parent/caregiver and student in 2012; staff in 2013), comparisons with results from previous years are not recommended.

Reducing the school's environmental footprint

Data is sourced from school's annual utilities return.

A bank of Solar Panels was installed in 2010 and this continues to reduce electricity usage. The replacement of inefficient air conditioning units is ongoing as per the schools maintenance.

The paper and cardboard continues to be recycled on campus.

| | Environmental footpri | Environmental footprint indicators | | |
|-----------|-----------------------|------------------------------------|--|--|
| Years | Electricity kWh | Water kL | | |
| 2011-2012 | 451,599 | 7,648 | | |
| 2012-2013 | 16,563 | 5,590 | | |
| 2013-2014 | 548,012 | 15,788 | | |

The consumption data is compiled from sources including ERM, Ergon reports and utilities data entered into OneSchool by each school. The data provides an indication of the consumption trend in each of the utility categories which impact on the school's environmental footprint.

^{*}The method for calculating attendance changed in 2013 – care should be taken when comparing data after 2012 to that of previous years.

Description of how non-attendance is managed by the school

Non-attendance is managed in state schools in line with the DETE policies, SMS-PR-029: Managing Student Absences and SMS-PR-036: Roll Marking in State Schools, which outline processes for managing and recording student attendance and absenteeism.

Attendance

The school has an Attendance Policy which has been developed collaboratively and is based on the Every Day Counts Initiative. The Policy allows for clear and concise processes in relation to monitoring and recording attendance data each and every lesson, and day.

ID Attend has been adopted by the school as an electronic attendance data collector. This allows for students to be monitored in terms of % of missed days and/or classes for explained and unexplained absences. This process is a multi-tiered approach which encompasses:

- Weekly Reports
- · Case-management meetings
- Year Level Co-ordinators meetings
- Parental contact via text message and phone
- Parental contact Letter of Attendance Concern
- · Referral to external agencies as required
- Principal notification

The school regularly feeds positive reinforcement regarding school attendance and educational outcomes via newsletters, positive feedback for parents regarding student learning and Year Level Parades to reinforce the importance of school attendance.

Students who are not regularly attending school are connected with a variety of external support programs and/or services to assist students and their families to re-engage in their learning and school. These include the Youth Support Co-ordinator Program, Youth Connections, Anglicare, Chaplaincy, PCYC Horizons, CQID and AIME.

National Assessment Program – Literacy and Numeracy (NAPLAN) results – our reading, writing, spelling, grammar and punctuation, and numeracy results for the Years 3, 5, 7, and 9.

Achievement - Closing the Gap

Attendance percentage for Indigenous students is captured in this table compared to the non-indigenous students for each year level in 2014:

| | Year 8 | Year 9 | Year 10 | Year 11 | Year 12 |
|------------------|--------|--------|---------|---------|---------|
| Non – Indigenous | 90.5% | 85.5 % | 84.3% | 86.8% | 82.2 % |
| Indigenous | 83.3% | 86.3% | 71.8% | 81.3% | 71.6% |

School attendance by indigenous students remains similar to the previous two years, in 2014 at approximately 77.9 %, 7% below the non-indigenous student population. There have been significant efforts by members of staff to improve the attendance and attainment of young indigenous learners at our school. The support has provided opportunities for students to enhance the literacy and literacy learning outcomes and this is reflected in the minimal gap in learning performance in the 2014 NAPLAN results in reading, writing and numeracy.

Post-school destination information

At the time of publishing this School Annual Report, the results of the 2014 post-school destinations survey, Next Step – Student Destination Report (2013 Year 12 cohort) for the school were not available. Information about these post-school destinations of our students will be uploaded to the school's website in September.

Early school leavers information

The destinations of young people who left the school in Years 10, 11 and prior to completing Year 12. The approaches to managing early school leavers include:

- Contact parents/ guardians to determine what support they have or may require referrals if required to training, other
 education and housing.
- Meet with parents and or students at town library or the community development centre to discuss options available.
- · Send out transitions pack to parents that contain resources i.e. certificate options, training opportunities.
- Work on resumes and interview techniques, how to act in the workplace.
- Referral to S2J (Rockhampton School to Jobs Network) for work placement.
