

Ingeborgm Elfriede Leibnitz Scholarship

**Yeppoon
State
High
School**

<p>Each year, Year 12 students may apply for the <i>Ingeborgm Elfriede Leibnitz</i> scholarship of up to \$4000 to assist them in their tertiary studies. The scholarship will be paid in two instalments each year for up to 4 years. The scholarship is designed to support students with social or financial hardship. The bursary was the legacy of Mr Graham Page who did a lot of work including out of hours tutoring for our school for many years. Our oval is named after Mr Page. When he passed away, he left his estate to his wife Inge who was more than happy to leave her entire estate to the school, when she passed away. Inge worked at CQU and was studying a degree when she passed away. Yeppoon High students were so thankful to Mr Page at the time that they delved into the astrology charts and found a star in the universe that was not named. They did a full authentication of that star and received the certificate, with the seal of registration being awarded on 15/5/08 to show their appreciation of the tireless work of Mr Page. The <i>Public Trustee</i> office administers the estate funds for the purpose of the ongoing scholarships being made available to Yeppoon High graduates for many years to come.</p>
